ELEVATE YOUR ONLINE VIDEO PRESENCE

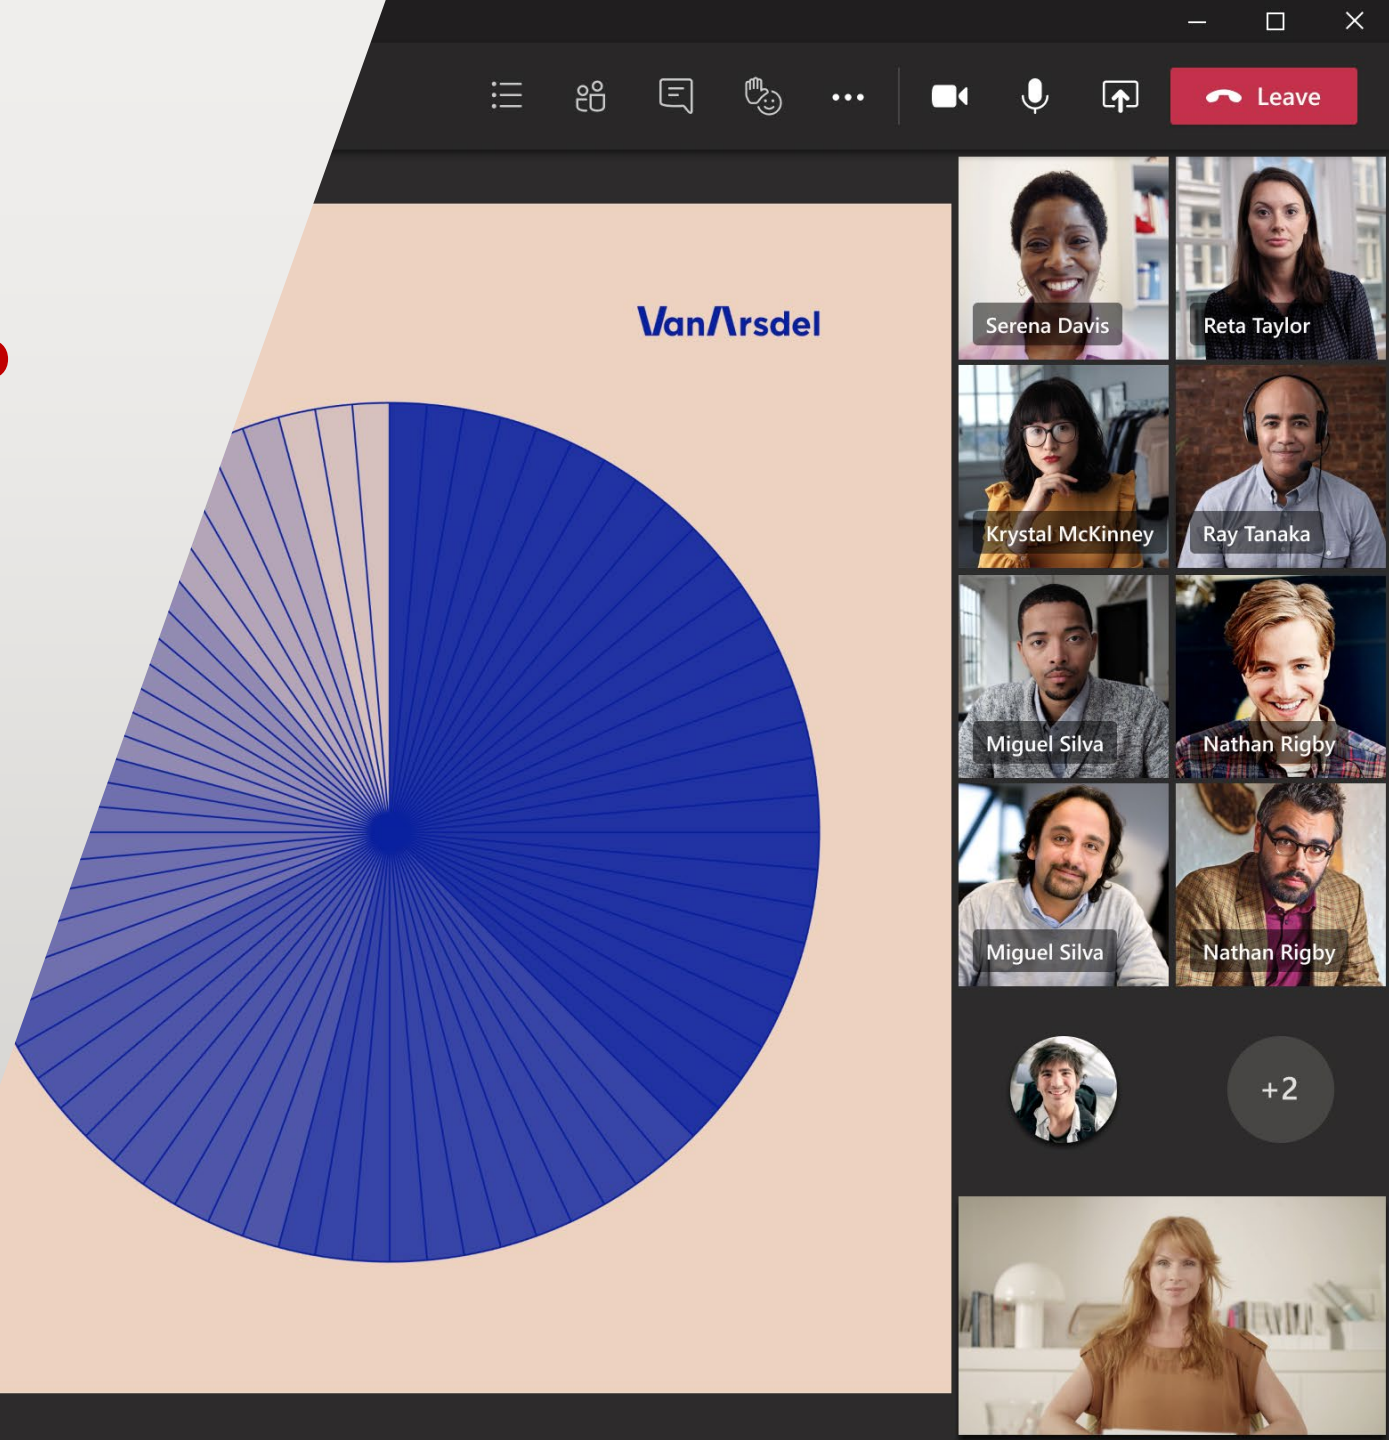

Effortlessly make professional-grade
video that captivates and inspires

nimagna.com

Video communication and video messaging is drab and boring.

- People get reduced to small faces within little squares
- Lack of personal connection and non-verbal cues
- Negative impact on engagement, effectiveness, and knowledge retention

Video is the predominant medium but high-quality videos are too difficult and costly to produce.

- Companies of all sizes need to “stand out” from all the monotonous communications
- Studios are very expensive, and operations is highly complex

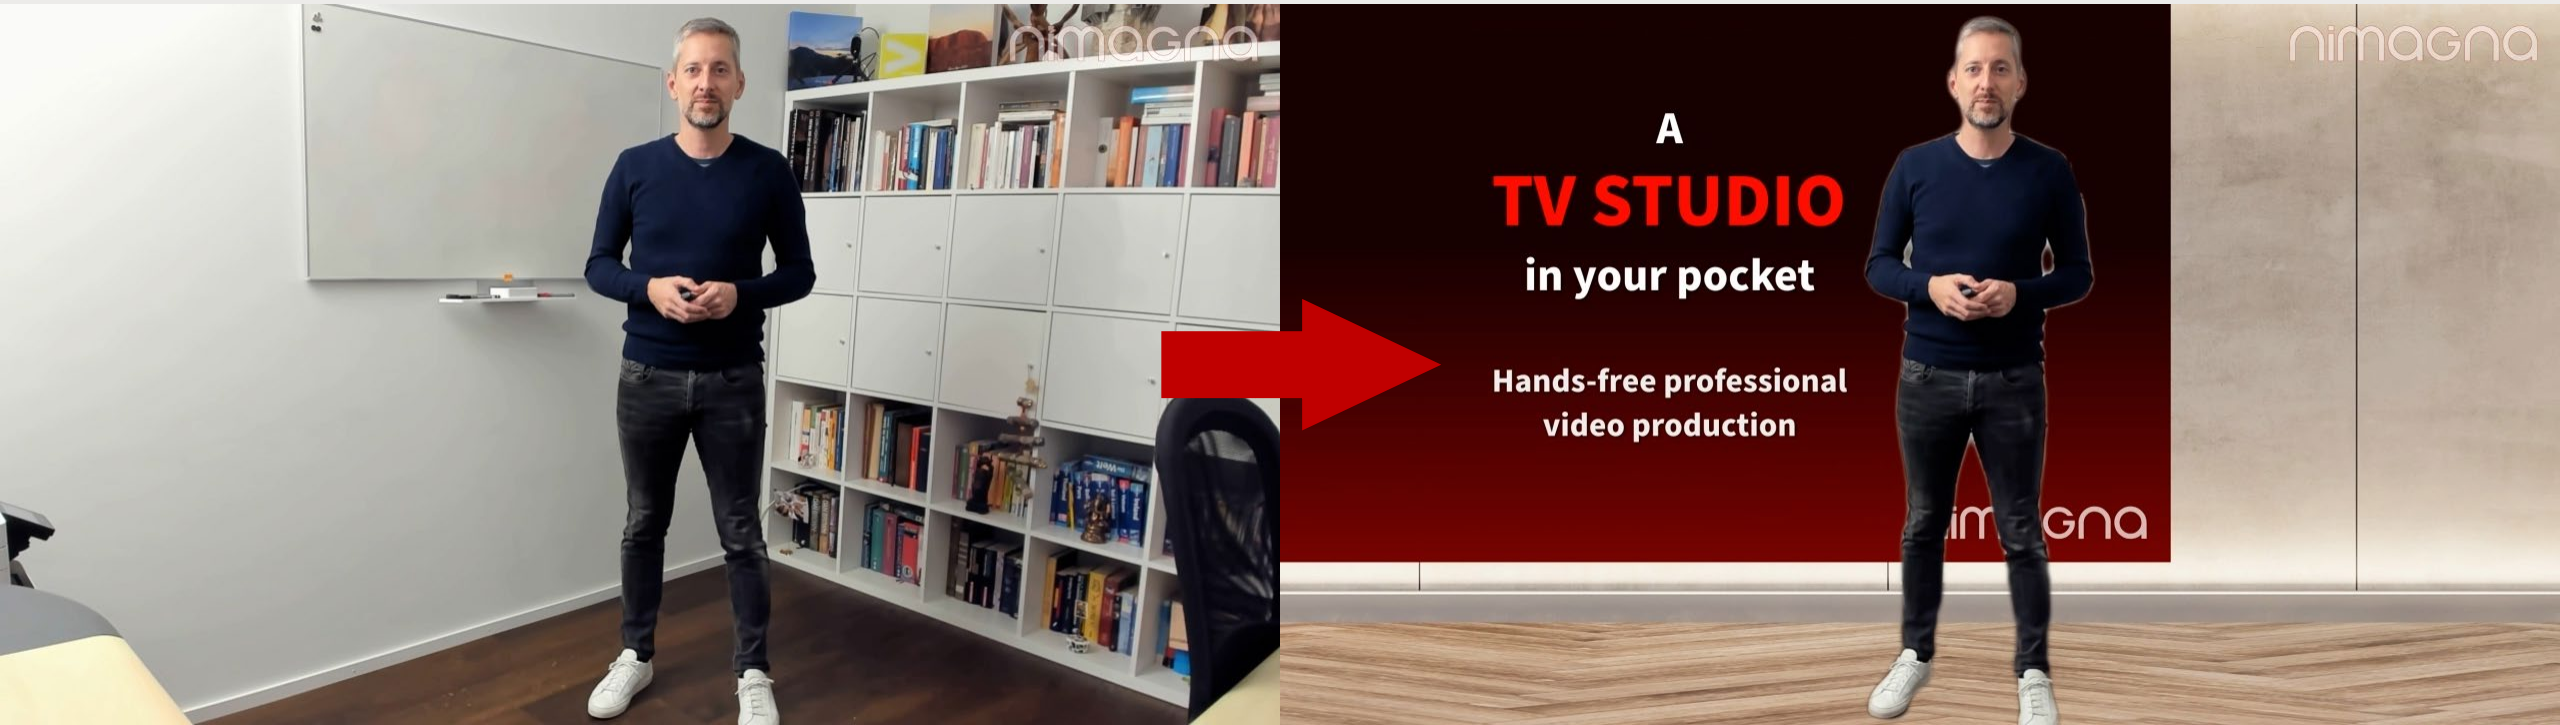

Video communication like meeting in real life

More effective online presentations and webinars

- Bring video calls to life
- Vibrant webinars
- Efficient simplicity
- Go live instantly

AI-powered video production

Our AI acts as **producer, director and camera operator** of a professional multi-camera video production

Built for everyone, anywhere

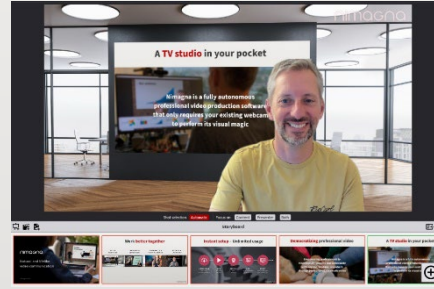

Setup in seconds

No additional equipment or special setup needed. Just use your laptop and your webcam.

Easily add content

Drag-and-drop any type of content into the storyboard.

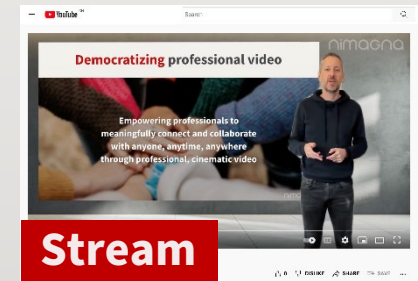

Start producing

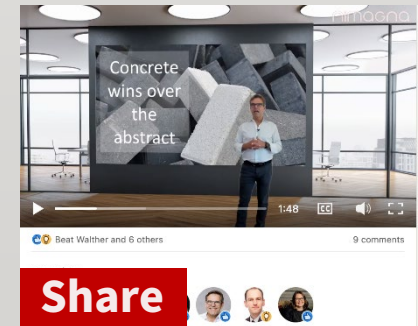

Produce a pro-video as simply as presenting with PowerPoint.

Why use Nimagna

Nimagna enhances audience engagement and increases knowledge retention compared to low-cost productions and is order of magnitude cheaper and simpler than today's professional video production

Attention & Retention

Benefits:

- ✓ Increased audience satisfaction
- ✓ Increased webinar effectiveness
- ✓ Competitive advantage

10x reduction in training & video production costs*

* Assuming typical video production cost of 10K+ or performing on-site training incl. travel

Video communication **like meeting in real-life**

ENGAGE YOUR AUDIENCES

- Turn online presentations into captivating TV-like experiences
- Tell inspiring and memorable stories through video

SHOW YOURSELF

- Stand up and move around while presenting
- Seamless integration of presenters and content on a virtual stage

USE WITH EASE

- Only needs standard webcam
- Runs on Mac and Windows
- No studio setup or greenscreen, no technical skills needed

Works with:

What people say

“Thanks to Nimagna, the closeness to the presenters was almost like in a real presentation.”

Frank Hartmann @ Siemens

“Nimagna is so much better than just seeing slides. I was feeling like I was together with the presenters.”

Wolfram Nagel @ TeamViewer

“With Nimagna, our audience had the feeling of being together with us in one room and it was way easier for us to direct our clients’ attention.”

Beat Walther @ Vendbridge

“Workshop facilitation with Nimagna feels good and is fun. You can activate people and you can highlight the content as you talk.”

Nadine Oppenheim @ EduMove
