

Odoo Developer in Pune.

Do you share our passion for disruptive technology in the telecommunication industry and want to contribute to the success in 7 European countries?

We are looking for a passionate Odoo Developer collaborating remotely with our Odoo Engineer.

Your Tasks

- Integrated with our web development team, you will contribute to the maintenance of existing synchronization module connecting Odoo to our web/voip services.
- Participate to the definition and development of new feature/module helping our internal team.
- Development of the automated tests
- Collaborate to the maintenance and upgrade of our different Odoo instances.
- Support the internal administration team with monthly invoicing and daily tasks.

Your Skills

- Excellent knowledge of Odoo (3+ years)
- Good knowledge of Python, SQL & Javascript
- Experience with Devops / deployment environments (GitLab CI/CD, Docker)

Your Profile

- You are independent, proactive, and interested to work in a team where you can make a difference
- You are creative and an open personality who is solution-oriented.
- You are interested to test/discover new solutions (ERP, CRM) and are open to learn new languages.

The peoplefone group is a European leader of the IP telephony for business and residential customers. The group was founded in 2005 and is today present in Switzerland, Germany, Austria, France, Poland, Slovakia and Lithuania. Our competitive advantage is the development of innovative products combined with our strong entrepreneur and family spirit!
