UX/UI Designer

Are you passionate about creating seamless digital experiences that truly put the user first?

Join us to shape how customers, partners, and internal teams interact with our digital platforms. As a UX/UI Designer, you'll lead the design of intuitive, user-centered interfaces for our customer, partner, and admin portals - tools that are both functional and delightful to use.

Collaborate with product managers, developers, and support teams to bring smart, elegant solutions to life - from first wireframe to final pixel. Bring your creativity to a team that values impact, autonomy, and innovation. Let's rethink how digital tools serve people—every day.

Key Responsibilities

- Design user-centric interfaces for web-based portals used by customers, partners, and administrators
- Translate business requirements into wireframes, prototypes, and high-fidelity mockups
- Collaborate with developers to implement and refine designs
- Ensure consistency in visual design and user experience across all platforms
- Create and maintain design documentation, style guides, and UI kits
- Identify opportunities for improving the user experience

Your Profile & Skills

- Proven experience as a UX/UI Designer & Portfolio demonstrating design skills for web applications
- Proficiency in design and prototyping tools such as Figma, Sketch, Adobe XD, or similar
- Solid understanding of user-centered design principles and best practices
- Experience in B2B software or telecommunication platforms & Agile development environments
- Experience with responsive design
- Strong collaboration and communication skills
- Fluent in English; German and French is a plus

What We Offer

- A central role in shaping the digital experience of a dynamic and fast-growing telecom company
- Daily challenges in an open, innovative environment with a team that supports and inspires each other
- Individual development paths with access to training, peer exchange, and continuous feedback
- Modern structures & lean processes that let you focus on what really matters
- A strong team culture built on shared success, regular team days, and memorable company events

The peoplefone group is a European leader of the IP telephony for business and residential customers.

The group was founded in 2005 and is today present in Switzerland, Germany, Austria, France, Poland, Slovakia, and Lithuania. Our competitive advantage is the development of innovative products combined with our strong entrepreneur and family spirit!
